

Protecting ADHD'ers

GUEST SPEAKER: STEVE CHALLEN

A look at the laws in place to help protect ADHD'ers at home, school and the workplace. In a world that ADHD'ers find confusing and hard to relate to they often find themselves on the receiving end of prejudice, lack of understanding and indifference. How we do protect ADHD'ers and help them to thrive in society?

This meeting is open to all and ideal for individuals with ADHD and co-existing conditions, their families, parents/guardians/carers, teachers, teaching assistants and many others.

“ ADHD/AS has many positives, it's not just negative. We need to highlight these positives and help children reach their full potential. ”

General Monthly Meetings

We meet every 2nd Wednesday of each Month, at the Centre Supporting Voluntary Action. We also organize periodic events such as “What is ADHD?” and “Helping ADHD” and other key topics. Our plans also include social events for ADHD Children, Parents, ADHD Teens and ADHD Adults during the course of the year and much, much more. Come along and get involved.

Our Mission

We are a charitable organization with personal experiences of ADHD, offering information, signposting, and an unparalleled understanding as to how all aspects of ADHD impact the family unit and beyond. We aim to help close the delta between brain power and personal achievements.
